A Guide to Designing Personal Learning Environments (PLE)
Pam Parenty

http://www.inclusivetoolbox.org/tool7

TYPE	Website, Guide
LEVEL	secondary,tertiary
SUBJECT	digital literacy,computer studies,general studies
MODALITY	classroom-based,blended,online
KEYWORDS	online learning,ple,personal learning environment,digital toolbox,digital literacy,knowledge management

This is a website created for Junior High, Secondary and post-secondary students to help them design and create their own personal learning environment (PLE). It guides students as they develop their PLE, but is not prescriptive in which tools to use or how to use them. It offers students choice in what works best for them.
